

MonoFoil[®] Antimicrobial

Prevent MRSA, Staph, H1N1, & Other Bacteria

Works 24/7/365 for One Year... Guaranteed!

Where to Apply Monofoil[®]

- *Training and Locker Rooms*
- *Team Meeting Area*
- *Bathroom and Showers*
- *Weight Rooms and Equipment*
- *Sports Mats*
- *Laundry - Uniforms and Practice Clothes*
- *Vehicles - Vans, Planes, Injury Carts*

Benefits Using Monofoil[®]

- *Hypoallergenic*
- *Non-Toxic*
- *Terminates Mold, Mildew & Fungus*
- *1 Step Process—Cleans and Protects*
- *Non Leaching—No Adaptive Organisms*
- *Eliminate Preventable Infections*
- *Patent Pending Antimicrobial Wipes*

One affordable application of **Monofoil[®] Antimicrobial** at your sports facility will provide a long term, invisible, micro biostatic coating which inhibits the growth of a wide variety of bacteria, fungi, mold, mildew, and algae. Unlike competitive products who depend on a poisonous leaching action, **Monofoil[®]** operates using a safe mechanical action, making it a preferred choice for use around athletes.
